

Project Paraguay Foundation September 2025

“How beautiful on the mountains are the feet of those who bring good news, who proclaim peace, who bring good tidings, proclaim salvation, who say to Zion, “Your God Reigns!.” Isaiah 52:7.

Barrio Parque Church has a special ministry to the Indigenous Guarani people in Paraguay. A young mother, Tomasa, her son, Mati, and her daughter, Camila, were saved and baptized earlier at the church. Dr. Finelli is currently training Tomasa to assist her when reaching out to other communities with medical needs. The first picture in the top row shows our team members this year. Next, Tomasa and her two children after their baptism. The third picture shows Dr. Finelli treating patients, assisted by Tomasa, and finally, Tomasa and a patient. The first picture on the bottom row shows team members at an indigenous fair. Dr. Finelli is seen with patients in the second picture. Our medical fairs are increasingly offering dentistry, as seen in the third picture.
